UNEASINESS AT HONG KONG

Reports of Spreading Disorder in the South East of the Colonies in British China.

(Copyright, 1900, by Press Publishing Co.) HONG KONG, June 26.—(New York World Cablegram—Special Telegram.)—The disquiet is spreading in the south. Missionaries and converts are coming in from the interior. Germans, French, Portuguese and American colonists here are offering to assist in the defense of the colony if necessary.

ARE READY FOR OUTBREAK

Southern Provinces of China in Ferment of Anti-Foreign Prejudice.

LONDON, June 27.—A fresh phase of the ebullition in China is the probability of immediate outbreaks in the great southern provinces. The populace there is daily assuming a more hostile attitude toward foreigners and the latter present symptoms of a general rising, especially at Nanchow, where, according to a dispatch to the Daily Express, dated yesterday, Kang Wu, one of the most truculent enemies of foreigners, has arrived via the Grand canal, armed with full powers from the emperor to deal with the southern provinces. The friendly attitude of Viceroy Liu Kun Yih toward the foreigners has brought him into disrepute with Prince Tuan, president of the tsung-li-yamen. The unrest at Canton is described in a dispatch from that place to the Daily Telegraph, dated Monday, via Hong Kong yesterday: "It is feared that we are on the eve of a scene of bloodshed and anarchy in the two quana only paralleled by the Tai Ping rebellion. The signs of a murderous uprising are so manifest that wealthy Chinese are hurrying from Canton and vicinity, taking their wives, families and valuables. "Li Hong Chang has again been prematurely ordered to take the field, and it is feared that they will murder him before he can reach there. His presence alone restrains the revolutionary elements here. His departure will let loose the 'Black Flags' and 'Red Girdles.' Knowing that Li's troops are scattering, the Chinese are sending their families to Hong Kong. The viceroy himself trusts the Americans in this crisis. He says that they alone want no territory and he places himself largely—almost unreservedly—in their hands. At an important conference today he reiterated this statement. "All the missionaries have been notified of their imminent peril through confidential runners. They are leaving Canton hurriedly and only a few are now here. The commander McLean of the U. S. S. Don Juan de Austria is the first officer here to protect foreign interests. He is capable and energetic and is reinforced by H. M. S. Resolute. Two hundred foreign residents at Shanghai are being evacuated. "The Canton population reaches 2,000,000. In addition to 500,000 living on junks and sampans (flat-bottomed river boats). Most of the people are disaffected and incendiary proclamations are great in number and plentiful. "Shanghai cables that the French consul there has received a cable from Suang Tung, reporting that 11,000 Chinese troops are making a forced march from Suang Tung to Peking. "Jesuit Fathers Murdered. Two Jesuit fathers and 100 native Christians have been murdered in the southern part of the province of Chi Li. The Chinese military authorities have been discovered recruiting at Shanghai, and the foreigners are being arrested in the act of constructing entrenchments around the European concessions. A Chinaman connected with war purchases for the Chinese government in Europe, who has been interviewed by the Daily Express, says that China has immense quantities of arms and ammunition and will "stagger humanity" if driven to defend herself. "The Shanghai correspondent of the Times, in a dispatch dated Monday, says: "A telegram from Niu Chwang announces that the residents there fear an attack by the Chinese troops. The engineers and missionaries in the outlying districts have taken refuge in the foreign settlement, which is protected by a Russian gunboat. The railway is much damaged. "The Hong Kong correspondent of the Times, writing Monday, says: "Li Hong Chang officially announces that the presence of foreign troops at Canton is due to the Boxers and he urges all sections of the community in Canton to be ready when the occasion arises to exterminate the enemies of the country. "Numerous ruffians are entering British territory."

DISCORD AMONG THE POWERS

English Change that the Russians are Planning to Break.

(Copyright, 1900, The Associated Press.) CHIEF FOO, June 26.—The officers of the British first-class cruiser "Terrible" assert that discord exists between the Russian and Anglo-Americans and say they believe the Russians are planning to break the concert and take possession of Peking independently. They assert that Vice Admiral Seymour's command lacked uniformity, the foreigners sulking because they were under

ACTS WITH PROMPT DECISION

President Refuses to Accede to Second Request of Mr. Wu for Truce.

WASHINGTON, June 26.—The purpose of the Chinese ultimatum to place an adequate military force in China was made clear today when orders were issued to Brigadier General Adna R. Chaffee to take command of the forces in China and proceed at once to assume his new duties. More significant probably than the assignment itself was the wording of the formal order to Chaffee, issued late in the day, directing him to "take command of the troops ordered to China" and to proceed to Peking, by way of San Francisco and Taku, accompanied by his aides. It had been expected that the military forces would be concentrated at Chefoo or some other convenient military base, and the direction to proceed to Peking, the capital of the Chinese empire, indicated a firm determination on the part of the government authorities to have a Chinese military force at the seat of the Chinese government.

The announcement of General Chaffee's assignment and the order to proceed to Peking came after the State department had declined to accede to a second proposition from six great viceroys of China that foreign troops be kept out of China until Li Hong Chang reaches Peking. In more formal terms, the signature of the six viceroys, representing the greater part of the empire, Minister Wu repeated today his plea of yesterday that the foreign troops be kept out of the country.

Cabinet Supports President.

Secretary Hay laid the formal request from the viceroys before the cabinet, but there was no disposition to vary from the president's decision, already known to the Chinese minister, to send our forces to their aid. For this reason the order to our officials and citizens were in danger. While the viceroys spoke for their provinces and the cabinet spoke for the nation, it is to be noted that the officials most anxiously looked to the cabinet's decision. Minister Conger is still silent and the latest advices have shown that little reliance can be placed on the dispatches from Shanghai, saying that the ministers and legations at Peking are ready to have a conference with General Chaffee to proceed to Peking on an added meaning. General Chaffee was in conference with the War department much of the day and in the afternoon spent nearly an hour with Secretary Hay going over those phases of the Chinese situation in which diplomacy will have to be mingled with military action. Secretary Long received nothing during the day beyond the early dispatch from Admiral Kempf stating that the combined forces had entered Tien Tsin and that the Seymour expedition was reported to have relayed through Tien surrounded. This cleared up one situation, only to present another condition which may prove even more grave. The casualty list on the first engagement was awaited anxiously and arrangements were made by the officials to have relayed through out the night in order that this list might be handled with the greatest dispatch and given to the public at the first opportunity.

The Navy department today received a telegram from a number of officers assigned to the Seymour expedition, who are en route to San Francisco, asking to be assigned to active service in Chinese waters. The officers signing the dispatch were Captain Walter, Lieutenant Commanders Milton and Mayo, Lieutenants McElroy, Askerman and Vogelsang and Ensign Cronan.

The Navy department today accepted the services of an officer on the retired list, under authority conferred by a recent act of congress. The officer is Lieutenant J. G. Tower, who is ordered to sail on the steamer "Albatross" on July 10. It is expected that many other retired officers will be called back to active service if the emergency becomes pressing.

TAKING OF CITY OF TIEN TSIN

Americans Were First to Enter, Followed Closely by British Troops.

(Copyright, 1900, by Associated Press.) CHIEF FOO, June 25.—The Americans and British entered Tien Tsin, first alighting the guns of the arsenal and breaking through the Chinese lines. The foreigners were close behind. The Russians lost four killed and many wounded. The losses of the other nationalities were small. Admiral Seymour's force is about ten miles from Tien Tsin. It is surrounded by Chinese troops and Boxers and hampered by the presence of sick and wounded. Negotiations were reported to have been sent from Peking with a weak Chinese guard and it is assumed that they are with Admiral Seymour. One thousand Japanese are landing at Taku and 2,000 more are expected tomorrow, when a battalion of French is also due. The foreign admirals have appointed Commander Wise of the Monocacy to be commander at Taku. The Netherlands cruiser Holland has left Java for Chefoo.

SLEEP WITH PISTOL IN HAND

Missionary at Tien Tsin Writes of Terrible State of Uneasiness There.

PHILADELPHIA, June 26.—Mrs. Oliver Clifford, who with her husband is connected with the Presbyterian mission at Tien Tsin, writes under date of May 29 to her brother in this city as follows: "We reported that all foreigners are at hand. Oliver and I each has a brace of pistols under our heads. I always have two valises packed, ready to flee at any moment and the entire foreign population is anxiously watching for the first sign of an uprising. Last Monday morning when the people awoke in the city huge placards were found posted on the walls and fences reading as follows: "The heavens are displeased at the presence of the foreign dogs in China. The gods have decreed that there shall be no more rain in the whole kingdom until they all are expelled."

NO LACK OF VOLUNTEERS

Two Western Companies Ready to Shoulder Arms in Event of War with China.

ELI RENO, Okla., June 26.—A. M. Baldwin of Eli Reno has organized a company of volunteers and offered their services to the government through Governor Barnes in case hostilities require the sending of more troops to China. ARDMORE, I. T., June 26.—Captain B. V. Henson, in command of the Ardmore military company, has tendered the services of the company, numbering seventy-eight men, to the secretary of the interior in case of war with China. MISSIONARIES AT HONG KONG. CHIEF FOO, June 26.—The steamer Sam Chui arrived today from Wu Chau, on the West river, with a number of women missionaries, who report that the other Europeans are preparing to leave Wu Chau, as the natives are conducting anti-foreign demonstrations.

CHAFFEE ORDERED TO CHINA

Hero of El Casy Supersedes General Hall in Command of American Forces.

WILL SAIL FROM SAN FRANCISCO JULY 1

It is Expected That Within Thirty Days More Than 5,000 Soldiers of United States Will Be Assembled at Chefoo.

WASHINGTON, June 26.—The president has assigned General Adna R. Chaffee to the command of the military forces operating in China. General Chaffee was at the War department today receiving instructions and will leave for San Francisco in time to sail on the 1st of July, with the sixth cavalry. This detachment sails on the Grant, which has been ordered to touch at Nagasaki for further orders. It is expected that the first mail call for Chefoo will be on the 1st of July. General MacArthur was called today under order directing the commanding officer of the Ninth infantry and such forces as may be operating in China by the time of the Grant's arrival, to report to General Chaffee on his arrival. Unless present plans change headquarters will be established at Chefoo. General MacArthur was also directed to send Captain Russell of his signal corps with a detachment to Chefoo. Captain Russell, during the Spanish war, worked in conjunction with the naval officers, and he has been selected to have charge of the signal operations because of his familiarity with that work in both the army and navy. General Chaffee will confer at the War department today with the adjutant general and the heads of the various supply departments with a view to his future needs in the conduct of the military campaign in China. It is expected that the first mail call will be on the 1st of July. General Chaffee will be accompanied by his headquarters staff, which will be established at Chefoo August 1 at the latest and that he will have not less than 5,000 men at his command, the majority of whom will be withdrawn from the Philippines.

General Chaffee, who is staying at the Arlington hotel, was given a serenade to-night by the Third cavalry band, of which regiment he was lieutenant colonel before the war with Spain. It was said tonight that he would leave the city tomorrow for San Francisco, whence he is to sail on the transport Grant for Cuba. The only person accompanying him was Lieutenant Harper, one of his aides. The two travel together on the Grant as passengers.

The military career of General Chaffee covers a wide and active and the prominent part in the war with Mexico, the Spanish war and various important Indian campaigns. He has served in every grade of the army, having risen from the ranks to the grade of major general of the United States army. He entered the regular army as a private in July, 1861, and served successively as private, sergeant and first lieutenant in the Sixth cavalry, to May 12, 1863, when, because of exceptional bravery and meritorious conduct, he was commissioned second lieutenant of the Sixth cavalry March 12, 1863. He was promoted to major on July 1, 1863, for gallant and meritorious services in the battle of Gettysburg, Pa., and to lieutenant colonel on July 1, 1864, for gallant services in the battle of Dwindle Court House, Va., and for gallant services in engagements with Indians at Paint Creek, Tex., Sep. 27, 1865, and at Fort Hancock, Tex., Oct. 27, 1866, for gallant services in leading a cavalry charge over rough and precipitous bluffs held by the Indians on the 27th of August, 1867, and gallant services in action against the Indians at Big Bry Wash, Ariz., Aug. 18, 1867.

General Chaffee was appointed colonel of the Eighth cavalry on July 1, 1868, and at the same time was made brigadier general of volunteers for service during the Spanish war. He was promoted to major general of volunteers in July, 1898, and was honorably discharged from that grade on April 1, 1899, since which time he has held a commission as brigadier general of volunteers. Since his discharge he has commanded a division of the Fifth corps during the Cuban campaign and subsequently commanded a division in the First and in the Fourth army corps. From December, 1898, until a few months ago he served as chief of staff to the governor general of the Philippines. He was promoted to major general of volunteers in Washington, but for several weeks past has been visiting friends in the city.

General Chaffee had command of the troops which captured El Casy and practically closed the Santiago campaign. He has since been known as "the hero of El Casy." General Chaffee is a native of Ohio and is now 57 years of age. He is a member of the Grand Army of the Republic and is a member of the Grand Army of the Republic and is a member of the Grand Army of the Republic.

General MacArthur Advises War Department of Movements of Ninth Infantry.

SAN FRANCISCO, June 26.—A detachment of the Sixth cavalry arrived here today en route to Nagasaki, from which place the soldiers will doubtless be assigned to the scene of the conflict in China. The second and last detachment of the Sixth will arrive here tomorrow.

MANILA, June 27.—The United States armored cruiser Brooklyn, with 200 marines from Cavite, has sailed for Nagasaki, where it will coal and from which place it will go to Taku.

The United States transport Logan, with the Ninth infantry, and the United States gunboat Princeton will follow tomorrow.

MISSIONARIES COMING IN

One Hundred and Forty-Eight Reach Chefoo in Safety—No Hope for Others.

NEW YORK, June 26.—A dispatch to the Journal and Advertiser from Chefoo, June 25, says: The arrivals today included 148 persons, including servants and attaches of the mission. The list of missionaries is as follows: From Peking: Reid, Davis, Hobart, Walkers, Verrill, Gannett, Lowry, Amer, Ewing, Wevell, Gilman, Gloss, Marica. These are of the Board and Presbyterian Ladies' missions. From Tien-Tsin: Pyke, Halber, Patterson, Lowry, Roberts, Wilson, Bond, Stevenson, Glover, Crowther, Shookley, Galtley. One hundred and forty-eight arrived in good condition. For Fao Tieng Fu there is very little hope.

All Quiet in South China.

PARIS, June 26.—A dispatch from the minister of foreign affairs, released a cabinet council today that the French consul at Shanghai telegraphed, under date of June 24, that all was quiet in the southern provinces. In the Yang Tze Kiang valley and in Szechuen province. The minister added that no news had been received from Peking and that eleven Chinese war ships were lying off Shanghai.

RESORT TO GUERRILLA WARFARE

Small Bodies of Fast-Moving Boers Make It Uncomfortable for British in South Africa.

LONDON, June 27.—2:30 p. m.—The Boer commandos in the eastern part of the Orange River colony appear to have been broken up by their leaders into small parties that harass large columns of the British incessantly, cutting off scouts, sniping pickets, making a show of force here and there and bewildering the slow moving bodies. Commandant-General Christian Weyer, General Steyn's principal commander, is the genius of these guerrilla operations. He is the hero of the Boer side in these last days of hostilities.

Lord Roberts' columns are slowly contracting the circle of their advance. Transvaal officers who were interviewed yesterday at Machadodorp by a correspondent of the Daily Express asserted an intention to hold out until the last. President Kruger will probably retire to Warrenton or Nelspruit. His physician thinks his condition of health will not allow him to go to the high veld.

The British prisoners at Noot Godohat are more comfortable. Last quantities of food and blankets have been forwarded to them and their enclosure is lighted by electricity.

Pretoria telegrams say supplies of warm clothing are reaching Lord Roberts' infantry, who had been ragged and suffering from the cold.

Commandant General Botha is uncommonly active east of Pretoria. Sir Alfred Milner wired Mr. Chamberlain that the Boer forces were being defeated by the American and other insurance companies have been found.

CAPETOWN, June 27.—It is officially stated that no troops will leave South Africa until the Boer war is over.

PRaise FOR THE COLONIES

Lord Selborne Compliments Them for Coming to the Defense of the Empire.

LONDON, June 26.—The fourth congress of the Association of Chambers of Commerce of the United Kingdom opened here this morning. Between 200 and 300 delegates, representing the colonies and the national committee, were present. Lord Selborne, honorary president of the association, welcomed the delegates. In the course of his speech he announced that real progress had been made toward laying a Pacific cable and that tenders would be invited almost immediately for the construction of the work.

Discussing imperial defense, Lord Selborne remarked that the whirligig of time had strangely inverted the feeling in relation thereto. A century and a quarter ago this question of a quarrel with the American colonies, which finally lost them to Great Britain. Today the same question, he said, is operating more than any other in drawing the different parts of the empire together. The colonies, he added, were voluntarily admitted to a quarrel with the American colonies, which finally lost them to Great Britain. Today the same question, he said, is operating more than any other in drawing the different parts of the empire together.

A resolution proposed by the Toronto Board of Trade advocating "the adoption of a commercial policy based on the principle of mutual benefit, by which such part of the empire may receive substantial advantage in trade as the result of the national relationship," led to a prolonged and heated discussion, although the terms "free trade" and "protection" were studiously avoided. The resolution directly opened up the question. The matter was temporarily shelved, however, by the appointment of a committee to formulate and define a proposal for a commercial policy based on the principle of mutual benefit, which was to be reported in the course of the session.

The first ballot resulted: Aischuler, 44%; Ortelzen, 41%; Orendorf, 22%; Worthington, 48; Charles K. Ladd, 45. Before the second ballot was concluded it was apparent that Aischuler would be nominated and the convention went wild with enthusiasm. On motion of Mayor Carter H. Harrison of Chicago, seconded by Alfred Orendorf, the nomination was made unanimous. The ballot resulted: Aischuler, 60%; Ortelzen, 41%; Orendorf, 13; Worthington, 43.

The following were selected as delegates at large to the Kansas City convention: Mayor Carter H. Harrison of Chicago, Alfred S. Trade of Chicago, Benjamin Cable of Rock Island, Congressman James R. Williams of Carmel, Alternates: Edward Keefe of Chicago, Charles Verne of Chicago, ex-Vice President Adlai E. Stevenson of Bloomington and ex-Congressman George W. Fithian of Newton.

The committee on resolutions has completed its work and the platform is now in the hands of Mayor Carter H. Harrison, chairman of the committee. It reaffirms in its entirety the Chicago platform of 1896, strongly condemns trusts, upholds the Monroe doctrine, denounces the "cowardly acts of President McKinley" in dealing with the Hay-Paoli massacre, and demands that the national convention vote for Bryan for president. The platform makes no specific allusion to 16 to 1. The subject was debated at length in the subcommittee of seven, which, by a vote of 5 to 2, decided to reject the Chicago platform. The platform adopted tomorrow.

ROBERTS NEEDS ALL TROOPS

Refuses to Spare Troops for Service in China—Highlanders in Surrender.

LONDON, June 26.—3:06 p. m.—As Lord Roberts, apparently, carrying out important military operations, the slackness of news from South Africa will probably continue until they are completed. The fact that the foreign military attaches are homeward bound indicates that in their opinion the war is over. It is reported that Lord Roberts to spare troops for service in China seems, if true, to show the field marshal considers much work remains to be done.

Large quantities of bar gold, received by merchants in the western part of the Transvaal from President Kruger, ostensibly in payment of requisitioned goods, have been seized by the British. If the genuineness of the accounts can be proved the gold will probably be repaid.

The Boers sharply attacked General Buller's transport near Senekal June 23, but were repulsed.

The official report of the capture of a convoy of 150 wagons escorted by Highlanders between Renoster and Heilbron June 4 was only received today. Lord Roberts reports that the convoy was surrounded and sent messengers to the nearest points asking for assistance, but that the Highlanders, unable to reach the convoy and 150 Highlanders, in reply to a flag of truce from General Christian Dewet, surrendered during the morning of June 4.

FURTHER GAINS FOR BRITISH

Lord Roberts Reports Surrender of Large Body of Boers to Sir Charles Warren.

LONDON, June 26.—11:25 p. m.—The War office has received the following dispatch from Lord Roberts: "PRETORIA, June 26.—Sir Charles Warren reports the rebellion in the Orange river is now over. The last formidable body under Commandant De Villiers surrendered on June 20, consisting of about 220 men, 240 horses, eighteen wagons, 200 rifles and 10,000 rounds of ammunition. "General Baden-Powell reports that confirmation is going on satisfactorily in the Rustenburg district."

Corinthia Turned Over to Lloyd's. KINGSTON, Jamaica, June 26.—The Liverpool Salvage association has cabled to its agent to return home and abandon the stranded Cunard liner Corinthia, which grounded at Pointe-a-Graves, Haiti, May 15, while conveying 1,400 miles from New Orleans to Capetown.

The wreck has been handed over to the Lloyd's agent at Aux Cayes because of the report of the agent that the expenses of floating the vessel would be very heavy.

Tax on Chinese Immigration.

OTTAWA, Ontario, June 26.—The China restriction bill, increasing the tax on Chinese immigrants from \$30 to \$100, has been practically adopted by the House of Commons. The measure also restricts the immigration of Japanese to twelve per month.

TAKING ON CONVENTION AIR

Delegates to Democratic National Convention Arrive at Kansas City.

FREE SILVER IS NOT WANTED BY EAST

Texas Admirer of Congressman Sulzer Opposes Candidature for Him as Candidate for Vice Presidential Nomination.

KANSAS CITY, Mo., June 26.—The first arrivals for the democratic national convention came in today. They were John J. Fitzgerald, a delegate from Kings county, New York, and Jacob Ruppert, Jr., of New York City, an alternate-at-large. Both are quoted as saying they do not favor the free silver plank in the democratic platform. "There are so many issues more important," said Mr. Ruppert, "that I think free silver need not be mentioned at all. The party in the east will not stand for free silver."

Sterling Price of Paris, Texas, arrived today and began arrangements for opening headquarters for Congressman W. A. Sulzer at New York. He is expected on Friday or Saturday. Incidentally Mr. Price stated a boom for the New Yorker for vice president.

"The west knows," Mr. Price is quoted as saying, "that the nomination for vice president must go to the east. It ought to be New York. Hill is out of the question. Sulzer is the man who appeals to the elements we need to carry New York."

Although the democratic national committee will not meet here until Monday next to select its temporary officers, considerable gossip is being indulged in as to the selection of temporary chairman. The Star this evening says that it apparently lies between G. A. Rose, mayor of Milwaukee, and Governor Charles S. Thomas of Colorado, with the chances in favor of Mr. Rose.

Garage men are working day and night to complete the new convention hall and there is every assurance that Kansas City's promises of a suitable meeting place will be fulfilled. The hall directors say they will turn the building over to the national committee on Monday. Already the decorators have begun their work on the interior of the big structure and the finishing touches and smaller details are being put on.

Charles A. Towne, populist nominee for vice president and chairman of the silver republic committee, has written that he will reach Kansas City on Friday. General E. S. Corser, secretary and treasurer of the silver republican committee, is expected to arrive tomorrow to begin active preparations for that convention, which will meet at the same time as the democratic gathering.

ALMSCHULER WINS HIS FIGHT

Democrats of Illinois Make Nomination for Governor on Second Ballot.

SPRINGFIELD, Ill., June 26.—At the democratic convention today Samuel Almschuler was nominated for governor on the second ballot.

Marcello Ortelzen of Chicago, Samuel Almschuler of Aurora, Nicholas E. Worthington of Peoria and General Alfred Orendorf of Springfield were presented as candidates for governor.

The first ballot resulted: Aischuler, 44%; Ortelzen, 41%; Orendorf, 22%; Worthington, 48; Charles K. Ladd, 45. Before the second ballot was concluded it was apparent that Aischuler would be nominated and the convention went wild with enthusiasm. On motion of Mayor Carter H. Harrison of Chicago, seconded by Alfred Orendorf, the nomination was made unanimous. The ballot resulted: Aischuler, 60%; Ortelzen, 41%; Orendorf, 13; Worthington, 43.

The following were selected as delegates at large to the Kansas City convention: Mayor Carter H. Harrison of Chicago, Alfred S. Trade of Chicago, Benjamin Cable of Rock Island, Congressman James R. Williams of Carmel, Alternates: Edward Keefe of Chicago, Charles Verne of Chicago, ex-Vice President Adlai E. Stevenson of Bloomington and ex-Congressman George W. Fithian of Newton.

CLouDBURST NEAR WINONA

Floodgates Washed Away and Much Damage Done to Crops and Roads.

WINONA, Minn., June 26.—A cloudburst in Pleasant Valley this evening caused a sudden and unexpected rise in the sugar beet ditches, denouncing the Winona & West opened the water was flowing over the top of them and a few minutes later the gates went out. The rush of water also carried away considerable of the embankment and caused great damage to the Winona & West farms. Many acres of farm lands were flooded. A flood was also experienced by farmers along the Gilmore Valley road from the same cause, the water being much higher than during the flood of a year ago.

TO REPEAL GOEBEL LAW

Governor Beckham to Call Extra Session of Legislature of Kentucky.

LEXINGTON, Ky., June 26.—As a result of a conference of political leaders here tonight it is authoritatively stated that Governor Beckham will call an extra session of the legislature to repeal the Goebel election law. It has been strongly argued for the continuance of the law will defeat the party in Kentucky.

Another Body Found at McDonough. M'DONOUGH, Ga., June 26.—One more body, that of William Lawrence, section foreman, was recovered today from the wreck of the Southern train. The swamps are being searched for miles below the wreck. Many bodies are still unidentified in McDonough.

Elder Hudson, the Mormon churchman, who has been the best billed telegrapher today that he was not on the train.

Lead Takes Upward Turn. NEW YORK, June 26.—The American smelting and refining company made a profit of \$1.40 a ton of lead, the price of the metal, making a second advance in two days. The price of lead is now 44 cents per pound as against 34, the bottom price of the year.

Grand Rapids, Mich., June 26.—The republican state convention will be called to order tomorrow morning. A full state ticket will be named. Daniel Parkey of Port Huron has been selected for temporary chairman.

There are six active candidates for the nomination for governor: Former Congressman Aaron Bliss of Saginaw, D. M. Ferry of Detroit, Justus S. Stearns of L'Anse-au-Loup, the present secretary of state; Chase S. Osborn of Saginaw, Ste. Marie, the present state railroad commissioner; M. D. Campbell of Coldwater, the present state insurance commissioner, and former Congressman James O'Donnell of Jackson. The number of aspirants for minor places on the ticket is also very large. It appears certain that Colonel Bliss will lead on the first ballot, with Ferry second and Stearns not far behind. The other three candidates will not receive a considerable number of votes in the early balloting, but if the count of a deadlock, which now seems probable, their strength might assume formidable proportions. Former United States Senator John Patton of Grand Rapids is also spoken of as a likely dark horse. Governor Piggree and the state administration favor the nomination of Stearns and bitterly oppose Ferry and Bliss. The governor has repeatedly said that if Ferry were nominated he himself would run again for governor on the independent ticket.

Writing to Fane with Democrats. CHICAGO, June 26.—The Record tomorrow will say:

It developed today that the prohibitionists of the United States expect to go before the national convention at Chicago, Kan., July 4, with a list of 1,000,000 voters pledged to support William J. Bryan.

AGAIN ON PEACE FOOTING

St. Louis Police Commissioners Order Discharge of Sheriff's posse.

ST. LOUIS, June 26.—Sheriff Pohlman was ordered today by the police board to discharge the posse comitatus forthwith, as it is regarded as being no longer necessary to keep an armed body of men to preserve the peace. President Hawes telephoned Colonel Casaday, in command of the posse, informing him of the board's action. Colonel Casaday at once proceeded to carry out the instructions. He said he thought it would take two or three days to muster out all the men.

Chairman Woodworth of the grievance committee of the Suburban Employees' union today wrote H. W. Steinbois, arbitrator for the union on the board recently appointed, withdrawing objections to the appointment of W. T. Anderson as the third member of that board and asking that Mr. Steinbois arrange for a meeting of the arbitrators, now consisting of himself, Scott Blewett and W. T. Anderson, as soon as possible.

At once Mr. Steinbois sent notice of this letter to Mr. Blewett, asking him to set a time and place for the meeting. Mr. Steinbois and Mr. Anderson, that the trouble on the Suburban road might be settled.

CHICAGO STRIKE NEARING END

Bricklayers Withdraw from Building Trades Council Early This Morning.

CHICAGO, June 27.—At 2:15 o'clock this morning the bricklayers withdrew from the Building Trades' council. It is said that marks the practical ending of the strike that has been in progress for months, tying up building operations in Chicago and keeping many thousands of men idle.

FEVER SITUATION IMPROVED
